

CURRICULUM VITAE

KEOSHA T. BOND, EDD, MPH, CHES

Department of Public Health
New York Medical College School of Health Sciences and Practice
40 Sunshine Cottage Road, Valhalla, New York

Office: (914)594-2830
Cell: (917) 673-0823
Email: kbond@nymc.edu

EDUCATION

- 2015 **Teachers College-Columbia University**, New York, NY
Doctorate of Education -Health Education
Dissertation: Diffusing the innovation of E-Health on post-exposure (PEP) and pre-exposure prophylaxis (PrEP) using an avatar video targeting African American women: Identifying predictors of rating the video.
Advisors: Drs. Barbara Wallace & Robert Fullilove
- 2005 **Hunter College-City University of New York**, New York, NY
Masters of Public Health -Community Health Education
Thesis: Examining the role of African American fathers during pregnancy: A qualitative report
- 2001 **Fordham University**, Bronx, NY
Bachelors of Science-Psychology

FACULTY APPOINTMENTS/RESEARCH POSITIONS

- 2017-Present **Assistant Professor of Health Behavior and Community Health**
New York Medical College School of Health Sciences and Practice, Valhalla, NY
- 2017-Present **Visiting Faculty Fellow-REIDS Scholar, Center for Interdisciplinary Research on AIDS**
Yale University School of Public Health, New Haven, CT
- 2015-2018 **Affiliated Investigator, Center for Drug Use and HIV Research**
NYU Rory Meyers College of Nursing, New York, NY
- 2015-2017 **Post-doctoral Fellowship-Behavioral Science Training in Drug Abuse Research**
(NIDA: T32DA007233-33) NYU Rory Meyers College of Nursing, New York, NY
- 2014-2015 **Pre-doctoral Fellowship-Behavioral Science Training in Drug Abuse Research**
(NIDA: T32DA007233-33) National Development and Research Institute, Inc., New York, NY
- 2014-2015 **Pre-doctoral Fellowship Research Group on Disparities in Health**
Department of Health Behavior Studies, Teachers College Columbia University, New York, NY
- 2013-2014 **City Research Scientist II, Bureau of Epidemiology Services, Survey Unit**
(Youth Risk Behavior Survey) NYC Department of Health and Mental Hygiene, New York, NY
- 2011- 2013 **Project Manager, Division of General Internal Medicine,**
Mount Sinai School of Medicine, New York, NY

2007 -2011 **Project Director, Center for Urban Epidemiologic Studies,**
New York Academy of Medicine, New York, NY

2006- 2007 **Health Educator, School of Nursing,**
Columbia University, New York, NY

RESEARCH INTERESTS

- Sexual and reproductive health promotion (*Special focus:* Biomedical HIV Prevention Strategies)
- Race, gender and sexuality using an intersectional framework (*Special focus:* Cisgender and Transgender Women of Color)
- EHealth/MHealth Technology (*Special focus:* Education-Entertainment/ Digital Storytelling)
- Health equity and social justice (*Special focus:* Structural racism and Healthcare Access)

TEACHING EXPERIENCE

2018-Present **New York Medical College, School of Health Science and Public Health Institute, Valhalla, NY**
Assistant Professor-Department of Public Health

- Behavioral Science and Health Promotion Capstone (Online)
- Research Methods for Population Science (On Campus/Online)
- Principles of Techniques of Behavior Change (On Campus)

2016 **NYU Steinhardt School of Culture, Education, and Human Development, New York, NY**
Adjunct Assistant Professor-Department of Applied Psychology

- Sexual Decision-Making and Risk-Taking in Adolescence. Fall 2016.

2015-2016 **CUNY- Hunter College, New York, NY**
Adjunct Assistant Professor-Psychology Department

- Introduction to Psychology. Summer 2016.
- Psychology of Human Sexuality. Fall 2015/Spring 2016.

Adjunct Lecturer

- Human Development. Spring 2015.

FELLOWSHIPS AND ACADEMIC RECOGNITIONS

2019-2021 **ATN Diversity Scholar**
The Adolescent Medicine Trials Network for HIV/AIDS Interventions (ATN),
Diversity Scholar's Program in Youth-Focused HIV Research

2019 **40 under 40 Leader in Minority Health**
National Minority Quality Forum

2018 **First Place Scientific Abstract Award**
9th Annual International Conference on Stigma: Bridging Research, Community and Practice.

2015-2017 **Post-doctoral Fellowship-Behavioral Science Training in Drug Abuse Research**
NYU Rory Meyers College of Nursing, New York, NY

2015- 2018 **Affiliated Investigator Center for Drug Use and HCV/HIV Research**
 NYU Rory Meyers College of Nursing, New York, NY

2014-2015 **Pre-doctoral Fellowship-Behavioral Science Training in Drug Abuse Research**
 National Development and Research Institute, Inc., New York, NY

2014-2015 **Distinguished Pre-doctoral Fellowship Research Group on Disparities in Health**
 Department of Health Behavior Studies, Teachers College Columbia University, New York, NY

2012-2015 **Doctoral Student Minority Grant.** Teachers College, Columbia University, New York, NY

2000 **Trainee,** Health Research Training Program,
 New York City Department of Health and Mental Hygiene, New York, NY

CERTIFICATION

2015 **New York University School of Medicine**
 Comparative Effectiveness Research Training

2009 **National Commission for Health Education**
 Certified Health Education Specialist

GRANT SUPPORT

Ongoing Support

5U24HD089880-04 LaVange (PI)

NICHD

2019-2021

The Adolescent Medicine Trials Network for HIV/AIDS Interventions (ATN) Diversity Scholar's Program in Youth-Focused HIV Research

The Adolescent Trials Network for HIV Interventions (ATN) Diversity Scholars Program is a 24 months mentored youth-focused HIV research career development program. The program is designed to leverage the resources and talent that resides in the ATN to provide scholars with real world experience conducting youth focused HIV research. The program aims to help scholars acquire the skills and tools they will need to develop and sustain productive, rewarding research careers, and successfully compete for independent research grants.

Role: Awardee

1 R01 MD013553-01 McMahon (PI)

NIH

2019-2022

Multilevel determinants of HIV pre-exposure prophylaxis (PrEP) utilization and health disparities among Black and Hispanic women

The purpose of this mixed methods longitudinal cohort study is to (1) characterize the PrEP care continuum (PrEP-CC; awareness, linkage, uptake, retention and adherence) among women at high risk for HIV, including health disparities; (2) identify determinants at multiple levels (societal, healthcare setting, community, interpersonal, individual) associated with PrEP-CC outcomes, including health disparities; (3) determine which healthcare provision strategies and programs promote improvement of PrEP-CC outcomes for women; and (4) explore providers' attitudes, perspectives, practices, and environments that shape PrEP provision behavior and patient interactions. Amount: \$1,398,866

Role: Consultant

Westchester County Department of Health Bond/Hakim (PIs)

2018-2019

Increase the Enrollment of Women in the WCDH PrEP Program (Subcontract)

The proposed study will explore the perspectives of postpartum women's interest in oral pre-exposure prophylaxis (PrEP)

and the potential impact of patient-provider communication to increase PrEP utilization.

Role: Co-Principal Investigator

The Rita and Alex Hillman Foundation Flores (PI)

Emergent Innovation Award

2018-2019

Parents ASSIST (Parents Advancing Supportive Sexually-Inclusive Sex Talk)

The pilot intervention seeks to disrupt, gay, bisexual, and queer (GBQ) adolescents' vulnerability to HIV/STI infection by equipping the parent of GBQ teenagers with skills needed to engage their children in affirming and supportive sexuality-inclusive talks. We build on evidence-based strategies and other sources to create an online program featuring a series of 24 theoretically informed videos that will teach and model for 30 parents from diverse backgrounds how they can communicate about sex with their GBQ teens through supportive and inclusive discussions. Amount: \$50,000

Role: Co-Investigator

Pilot Grant Bond (PI)

2R25MH087217

NIH

2017-2019

Research Education Institute for Diverse Scholars

Exploring Transgender Women's Perceptions of E-Health Technology for Sexual Health Care Support

REIDS provides research education and training on HIV community-based implementation. As a REIDS fellow I will attend two four-week institutes on HIV community-based implementation science. Further, I will participate in monthly meetings about grant writing, project management, professional development, while receiving mentorship from scholars at the Center for Interdisciplinary Research on AIDS (CIRA) at Yale University. This mentorship will help facilitate the conduct of a pilot study to examine the relationship between e-Health utilization and use of HIV prevention methods among transgender women. Data from this study will be used to support an R-level application for funding. Amount: \$20,000

Role: Visiting Faculty Fellow

1R34MH108437 Teitelman/Koblin (PIs)

NIH/NIMH

2016-2019

Developing a Women-Focused PrEP Intervention for HIV Prevention

The objective of this study is to develop and evaluate an intervention to promote PrEP uptake among women. Amount: \$267,675

Role: Consultant

Completed Support

5R01DA040480-03 Gwadz (PI)

NIDA

2017-2018

Using MOST to Optimize an HIV Care Continuum Intervention for Vulnerable Populations

Guided by a multi-level social cognitive theory, the study will evaluate 5 distinct intervention components (i.e., Motivational Interviewing sessions, pre-adherence preparation, support groups, peer mentorship, and patient navigation); each designed to address a specific barrier to HIV care and ART initiation. These components are well-grounded in the empirical literature and were found acceptable, feasible, and promising with respect to efficacy in a preliminary study. Amount: \$1,424,376

Role: Consultant

Pilot Grant Bond (PI)

7P30DA011041-12

NIH

2015-2017

Interdisciplinary Approach to HIV and Other Infectious Diseases of Drug Users

Exploring Black women's perceptions of Pre-exposure Prophylaxis (PrEP) for HIV prevention

The goal of this pilot project is to develop and evaluate the acceptability of a brief e-Health intervention for increasing awareness and motivation for PrEP among Black women. This pilot study will serve as the foundation for a future NIH grant application. Amount: \$6,000

Role: Principal Investigator

T32DA007233-33 Falkin (PI)

2014-2017

NIDA

Behavioral Science Training in Drug Abuse Research

NRSA training program for pre-doctoral and post-doctoral fellows to conduct cutting edge research on public health issues that impact various high-risk drug-involved populations (e.g., homeless youth, injection drug users, incarcerated mothers) as well as prevention and treatment interventions that have the potential to reduce the individual harms and social costs of drug abuse. Amount: \$112,800

Role: Pre-doctoral/ Post-doctoral Fellow

1U01OH010405-01 Wisnivesky (PI)

2012-2016

NIOSH

Prognosis and Determinants of Asthma Morbidity in World Trade Center Rescue and Recovery Workers

The objective of this study is to examine the natural history, self-management, and impact of physical and mental health comorbidities on the outcomes of World Trade Center (WTC) rescue and recovery workers with asthma.

Amount: \$ 854,783

Role: Project Manager

5R01AG037943-03 Chapman (PI)

2011-2012

NIH

Use Default Effect to Promote Health Behavior

The objective of the current research is to examine the use of default options as a mechanism to encourage healthy behavior in three aging-relevant domains: (i) influenza vaccination, (ii) dietary choices, and (iii) pharmaceutical prescription refills. Amount: \$221,260

Rutgers University (subcontract) Wisnivesky (PI)

Role: Project Manager

The Retirement Research Foundation Federman (PI)

2010-2012

“Measuring the Impact of Home-Based Primary Care on Healthcare Utilization and Patient Satisfaction”

Observational cohort study examining quality of life and health outcomes for older, homebound adults who are enrolled in a home-based primary care program or visiting nurse service program. Amount: \$325,000

Role: Project Manager

5R21NR012648-02 Weiss (PI)

2010-2012

NIH

Determinants of Medication Adherence in HIV-infected Adults with Hypertension

This study proposes to investigate adherence to antihypertensive medication in HIV-infected adults on ARVs with comorbid HTN, one of the most prevalent comorbid conditions in HIV-infected persons.

Amount: \$209,756

Role: Project Manager

1R01HS019670-01 Wisnivesky (PI)

2010-2015

Agency for Healthcare Research and Quality

Comparative Effectiveness of Surgical Treatments for Lung Cancer in the Elderly

The goal of this study is to perform comparative effectiveness of several surgical treatments for patients with non-small cell lung cancer. Amount: \$1,695,392

Role: Project Manager

1R24MD002754-01 Vlahov (PI)

NCMHD

2008-2012

Harlem Community Academic Partnership Influenza Immunizations

The goal of this proposal is to assemble these components to formally scale up and test the intervention for adults in the Harlem communities. To achieve these aims, the HCAP VIVA IWG will plan, organize and implement an intervention to educate and mobilize the community for immunization as well as coordinate congregating persons with traditional and new non-traditional venue for immunizations. Amount: \$575,839

Role: Project Manager

RSGT-07-162-01-CPHPS Wisnivesky (PI)

2007-2012

American Cancer Society

Determinants of Disparities in Diagnosis and Treatment of Lung Cancer

The goal of this study is to identify factors associated to disparities in lung cancer diagnosis, treatment, and end-of-life care.

Role: Project Manager

1UR6/PS-000667-01 Koblin & Frye (PI)

Center for Disease Control and Prevention

2007-2011

HIV Risk Reduction Intervention for African American Men

The purpose of this study is to develop and pilot test a novel theory-driven group-level intervention to reduce sexual risk behavior and increase HIV testing among heterosexually active African American men. Amount: \$671,388

Role: Project Director

1R01HL076592-01 Bonner (PI)

NHLBI

2004-2008

Asthma Surveillance, Monitoring and Education in Preschool Setting

The goal of this study to test the efficacy of a bilingual intervention to improve asthma care for low-income inner-city children enrolled in subsidized preschool childcare programs. Amount: \$ 478,116

Role: Project Director

1R01NR007782-01A2 Byrne (PI)

NIH/NINR

2003-2007

Maternal and Child Outcomes of a Prison Nursery Program

The overall goal is to enrich the knowledge base from which prison and community based parenting programs can be developed and tested and to improve the lives of incarcerated women and their children during co-detention and following release. Amount: \$364,578

Role: Health Educator

Maternal drug history, incarceration for drug-related crimes, and post-release relapse as risk factors for interrupted attachment and maternal separations when children reenter the community from a prison nursery. Poster Session. *American Public Health Association*

RESEARCH AND CAREER MENTORING

MASTERS STUDENTS DIRECTED RESEARCH-NEW YORK MEDICAL COLLEGE

Ejakuwa Abubakar, Epidemiology (2018)

Keya Desai, Epidemiology (2018)

Tanisha Searles, Behavioral Science and Health Promotion (2019)

MASTERS STUDENTS CAPSTONE -NEW YORK MEDICAL COLLEGE

Gwynetta Adesuyi, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Concetta Erica Agro, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Loise Ann Booker, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Leiska Garcia, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Sheldon Greenspan, MD, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Brittany Johnson, RN, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Katrina McCarthy, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Jessica Navarro, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Jasmine Spencer, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Sydney Stargatt, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2019)

Makkah Asindua, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2018)

Rosanna Capalbo, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2018)

Sianeh Moore, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2018)

Ashley Willis, MPH, Behavioral Science and Health Promotion. Capstone Advisor (2018)

DOCTORAL STUDENTS-NEWYORK MEDICAL COLLEGE

Aaron Childs. DrPH, Health Policy and Management, Dissertation Chair (2017- Present)

SERVICE

UNIVERSITY SERVICE

2019 **Member**, Vice-Dean Search Committee

2018-2020 **Member**, Academic Policy Committee

2018-2020 **Member**, Research Committee

2017-2018 **Member**, Ad Hoc Committee

2018 **Member**, Research and Scholarship Day Committee

COMMUNITY SERVICE

2018-Present **Member**, National Association of Community Health Center Advocacy Network

2018-Present **Member**, Community Healthcare Association of New York's Action Network

2018-Present **Co-Chair Public Education**, American Cancer Society, New York City HPV Regional Committee

2016-Present **Board Member**, New York Therapeutic Communities, Inc.

2014-Present **Member**, New York City Anti-Violent Project

2009-2011 **Preceptor**, Touro College of Pharmacy

2007-2011 **Member**, Harlem Community and Academic Partnership

2002-2006 **Member**, North Manhattan Regional Perinatal Partnership

2004-2007 **Mentor**, IMentor

PROFESSIONAL SERVICE

2018-Present **Reviewer**, CDC National HIV Prevention Conference

2018-Present **Member**, Society for the Scientific Study of Sexuality
2014-Present **Member**, Public Health Associate of New York City
2012-Present **Member**, International AIDS Society
2012-Present **Reviewer**, American Public Health Association Annual Meeting, - HIV/AIDS Section
2004-Present **Member**, American Public Health Association
2008- 2009 **Member**, American Thoracic Society
2009-2012 **Member**, International Society of Urban Health

JOURNAL SERVICE

2018-Present **Reviewer**, Journal of Medical Internet Research
2017-Present **Reviewer**, Journal of Acquired Immune Deficiency Syndrome
2017-Present **Reviewer**, PlosOne
2014-Present **Reviewer**, AIDS Care
2013-Present **Reviewer**, Journal of the Poor and Underserved
2010-Present **Reviewer**, Journal of Urban Health, Reviewer

RESEARCH SKILLS

Data Analysis Statistical Software: SPSS, SAS, STATA
Qualitative Analytic Software: NVivo, Dedoose
Video creation platform: Vyond, GoAnimate
Survey Development: Survey Monkey, Qualtrics
